March 8, 2010

WELCOME: IAM District 98 Retirees Action Group requests your presence at our next meeting. Come join us for a Free Breakfast and a short meeting.

You'll have an opportunity to visit with many of your former co-workers. More importantly you will receive an update on the key issues effecting retirees and seniors.

Each month new speakers have presented our members with valuable information such as, seniors protection against fraud, how to stay secure in your home and on the street, what really is the Healthcare Reform Bill, the truth about Canadian Health Care and bills that effect us in the State Legislature.

Our group is an action group. We don't just talk about it we do something about it. In partnership with our Sister and Brother UAW Retiree's we challenged the Utility Company rate increase. We drove to Harrisburg and met with key state legislative leaders to discuss issues of concern to our members. We attended Rallies at the State Capitol and attended town hall meetings expressing our member's views on Health Care.

We recognize that being isolated in our retirement meant that we had to accept whatever our county, state and federal legislatures handed us. This certainly was not a good option. By coming together we've increased our strength, our recognition and our bargaining power. The voice of many can be heard.
COME SEE FOR YOURSELF.

Our speaker will be Stephanie Sexton. She will be speaking on "Discrimination against Seniors". We want to apologize to the members who showed up at the February meeting. We canceled based on the forecast as of Monday morning of 3 to 6 inches of snow and concerns about icing in the parking lot due to blowing snow. Your safety is our first concern. Channel 27 was notified but they failed to run our cancelation. We will straighten this out before the next meeting. Those who have email can check District 98 website for info (www.iamawd198.org). Also check ABC channel 27 Snow Watch.

Come grow with us. Come help us shape Health Care Reform. Health Care is an issue that affects all of us. Don't just sit on the sideline. Have your say by adding your voice to ours and we will be heard.
